Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

this creek is located in the NW Balika Basin on the NW corner of Spruce Is.  
It forks off to the North and West at the salt water. Surveyed by foot  
via M/V Collo. Thick with brush, surveyed up to old beaver ponds on each  
stream. No reg markers in bay. See 1989 Kodiak Stream Survey book for map.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
